Don't compete with a Kaplan student— be one.

Why? Consider this: More students increase their scores after taking a Kaplan prep course than after taking anything else.

Why? Kaplan's test-taking techniques and educational programs have 50 years of experience behind them. We know students. And we know what helps boost their confidence and scoring potential.

So if you need preparation for **LSAT, GMAT, MCAT, GRE, DAT, ADVANCED MEDICAL BOARDS, TOEFL, NURSING BOARDS, NTE, CPA, INTRO. TO LAW, SPEED READING**, or others, call us.

Why be at a disadvantage?

Call your mummy.

You remember. She was always there when you were frightened. And if you got hurt, she was standing by with bandages. Wouldn't it feel good to talk to your mother again right now?

Calling over AT&T Long Distance Service probably costs less than you think, too. And if you have any questions about AT&T rates or service, a customer service representative is always standing by to talk to you. Just call 1 800 222-0300.

Sure, your schoolwork and your friends keep you busy. But call home and find out what she's wrapped up in.

SERVING METROPLITAN WASHINGTON FOR OVER 47 YEARS

The National Security Agency is looking. We're in search of new professional relationships with both Mr. and Ms. Right. What we offer in return is a unique career that may well be the answer to your personal desires.

What we offer is certainly different. At NSA, our threefold mission is critical to our country's security. We process foreign intelligence information. We safeguard our government's communications. And we secure our nation's computer systems. A mission of that proportion requires a diverse range of leading technology and talented professionals.

Currently, NSA is searching for Mathematicians, Computer Scientists, Language Specialists and Electronic Engineers.

Our Mathematicians work with applied and pure math. They apply—and create—a host of advanced concepts from Galois theory and combinatorics to probability theory and astrodynamics.

Computer Scientists discover a variety of projects and technology that is virtually unparalleled. We use literally acres of computers, including hardware from every major manufacturer. Applications include everything from communications software to artificial intelligence.

Language Specialists in Slavic, Near East, and Asian languages contribute to our mission in many ways. NSA linguists tackle the challenges of translation, transcription and analysis. They use both their language skills and their knowledge of world events.

Electronic Engineers also find a vast array of specialties from Signal Processing and CAD/CAM to Speech Processing and Computer Security.

The mission is vital, the variety staggering. And the benefits are also impressive. Our employees enjoy competitive compensation plus the many advantages of the Baltimore-Washington area.

If you're in search of a meaningful career with variety and distinction, look to NSA. Schedule an interview through your College Placement Office. Or write to us at the address below.

NSA will be on campus Nov. 3rd interviewing graduating seniors for Engineering, Computer Science, Math and Language positions. Limited summer positions are available for those who have completed junior year.

Some People Are Dying To Know The Facts About Eating Disorders.

Here's What
You Need
To Know About
Eating Disorders.

Anorexia Nervosa.
Bulimia.

The truth is, bulimia and anorexia nervosa are being diagnosed at an almost epidemic rate. An estimated 15 to 20 percent of all college women are bulimic, and approximately one out of every 100-250 young women suffer from anorexia.

People with bulimia go on periodic eating binges, only to force up or "purge" their food later. Anorexics typically starve themselves to as little as 65 percent of their normal body weight—or even less.

Eating disorders are illnesses, ones that can take over your life. But it doesn't have to be that way—effective treatment can turn your life around.

Don't wait. Get the facts now. Clip and mail this coupon, or call Dominion Hospital at 536-2000 for a free booklet.

You Can Have The Facts, Free.

☐ Please send me your fact-filled book on eating disorders and their treatment.
